

## July Newsletter

2018

### Upcoming Events

July 12 – Fire Preparedness

July 14 – New Member Orientation

July 17 – FEMA Training ICS 100/700

August 11 – New Member Orientation

August 14 – Summer Meeting

September 1 – New Member Orientation

## June by the Numbers

In June, the Montgomery county MRC was very active and participated in 5 different events. We served the community through preparedness education at local fairs, and provided first aid at local gatherings. In addition, we advanced our unit by participating in youth mental health first aid training.

*Special Thanks to MOD Pizza for their very generous donation in June.*

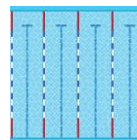

### Fun in the Sun!

Summer is officially here! Because of the summer heat beating down our necks, it is really nice to head to your local pool to cool

off, but how do you know if your favorite public pool is safe to swim in? Most the time, pools post their inspection information either online or onsite, but if you can't find it, the CDC suggests following this quick water safety check list before jumping into any pool.

Life guard is on duty, or safety equipment is available.

Pool water is clear enough to see all drains, and all drains appear to be secured.

The water is at the correct pH level with the right amount of chlorine or bromine.
