## MONTGOMERY COUNTY COVID-19 UPDATE

MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with the Montgomery County Office of Homeland Security and Emergency Management, would like to encourage all eligible residents to be vaccinated to protect themselves and others from COVID-19 and *emerging variants* in our area. Everyone 12 years of age and older is eligible for a vaccine in Texas.

Hospitals, physicians' offices, and pharmacies have vaccines available. You can find a list of providers and additional information on the DSHS website

here: <https://www.dshs.state.tx.us/coronavirus/immunize/vaccine-hubs.aspx>.

Since our July 7<sup>th</sup> report, we can confirm seven additional deaths related to COVID-19.

- A man in his 20s, from Spring, died in the hospital. He had co-morbidities in addition to testing positive for COVID-19.
- A man in his 40s, from Spring, died in the hospital. There were no co-morbidities noted in his medical records.
- A man in his 50s, from Willis, died in the hospital. He had co-morbidities in addition to testing positive for COVID-19.
- A man in his 60s, from Spring, died in the hospital. He had co-morbidities in addition to testing positive for COVID-19.
- A man in his 70s, from Splendora, died in the hospital. He had co-morbidities in addition to testing positive for COVID-19.
- A man in his 70s, from Spring, died in the hospital. He had co-morbidities in addition to testing positive for COVID-19.
- A woman in her 80s, from Splendora, died in the hospital. She had co-morbidities in addition to testing positive for COVID-19.

We can also confirm:

- TOTAL cases of COVID-19 increased by 473 to 56,311 since last Wednesday's (7/7) report. A total of 23 cases are confirmed reinfections. TX DSHS defines reinfection as a case with two positive PCR tests at least 90 days apart, with no consecutive tests in between. You can find more information on reinfection here: <https://www.dshs.state.tx.us/coronavirus/docs/DSHS-COVID19ReinfectionGuidance.pdf>.
- ACTIVE cases of COVID-19 increased by 205 to 800 since last Wednesday's (7/7) report. Today, we accounted for 117 additional inactive cases who we have been unable to contact for 30 days or more.
- 68 county residents are known, as a result of contact investigations, to be in the hospital. Contact investigations have not been initiated on all reported cases.
- 29,888 people have clinically recovered.

**The Testing Positivity Rate for Montgomery County has increased to 5%, up from 4% last week.**

***Do your part to slow the spread of COVID-19. The best way to protect yourself and those around you is to be vaccinated.***

***If you are not fully vaccinated:***

- ***Avoid groups of people.***
- ***Practice social distancing.***
- ***Wear a mask in public (over your nose and mouth) or with others who live outside your household. Never share a mask with others.***
- ***Wash your hands or use hand sanitizer frequently.***
- ***Disinfect surfaces in your car and around your home.***
