## MONTGOMERY COUNTY COVID-19 UPDATE

MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with the Montgomery County Office of Homeland Security and Emergency Management, can sadly confirm another all-time high of children (0-11 years of age) who have tested positive for COVID-19 in Montgomery County.

We can also confirm the number of **active cases** is the 2<sup>nd</sup> highest it has been since the pandemic began, just 1,247 cases below the all-time high set in January 2021.

Have you been vaccinated for COVID-19? We strongly recommend it. Even if you contract COVID-19 after vaccination, the chances of severe illness, hospitalization and death are low. Just 52 percent of eligible Montgomery County residents are vaccinated. Need to find a vaccine? **A drive-thru opportunity available.** See below for more information, or click here for additional vaccine sites: <https://www.vaccines.gov/>.

Today, we can confirm three additional deaths related to COVID-19.

- A woman in her 50s, from Montgomery, died in the hospital. She had co-morbidities in addition to testing positive for COVID-19. She was fully vaccinated.
- A man in his 60s, from Conroe, died in the hospital. He had co-morbidities in addition to testing positive for COVID-19. He was not vaccinated.
- A woman in her 70s, from Conroe, died in the hospital. She had co-morbidities in addition to testing positive for COVID-19. She was not vaccinated.

We can also confirm:

- TOTAL cases of COVID-19 increased by 1,152 to 69,816 since Monday's (8/23) report.
  - Of the 1,152 new cases, 209 are under the age of 12 and not eligible for vaccination.
- ACTIVE cases of COVID-19 increased by 535 to 9,734 since Monday's (8/23) report.
  - Today, we added 535 additional inactive cases who we have been unable to contact for 30 days or more.
- 315 county residents are known, as a result of contact investigations, to be in the hospital. Contact investigations have not been initiated on all reported cases.

- 31,681 people have clinically recovered.

**The Testing Positivity Rate for Montgomery County remains at 22%, down from 23% last Wednesday.**

***Do your part to slow the spread of COVID-19. The best way to protect yourself and those around you is to be vaccinated. You should also:***

- ***Avoid groups of people.***
- ***Practice social distancing.***
- ***Wear a mask in public (over your nose and mouth) or with others who live outside your household. Never share a mask with others.***

- *Wash your hands or use hand sanitizer frequently.*
- *Disinfect surfaces in your car and around your home.*
