MONTGOMERY COUNTY COVID-19 UPDATE

MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with the Montgomery County Office of Homeland Security and Emergency Management, urges residents to take necessary precautions to protect themselves and their loved ones from COVID-19 this Thanksgiving holiday. Montgomery County cases are on the rise. Please see guidelines for celebrating the holiday from the Centers of Disease Control here: <https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/holidays.html>. We wish everyone a safe and happy holiday.

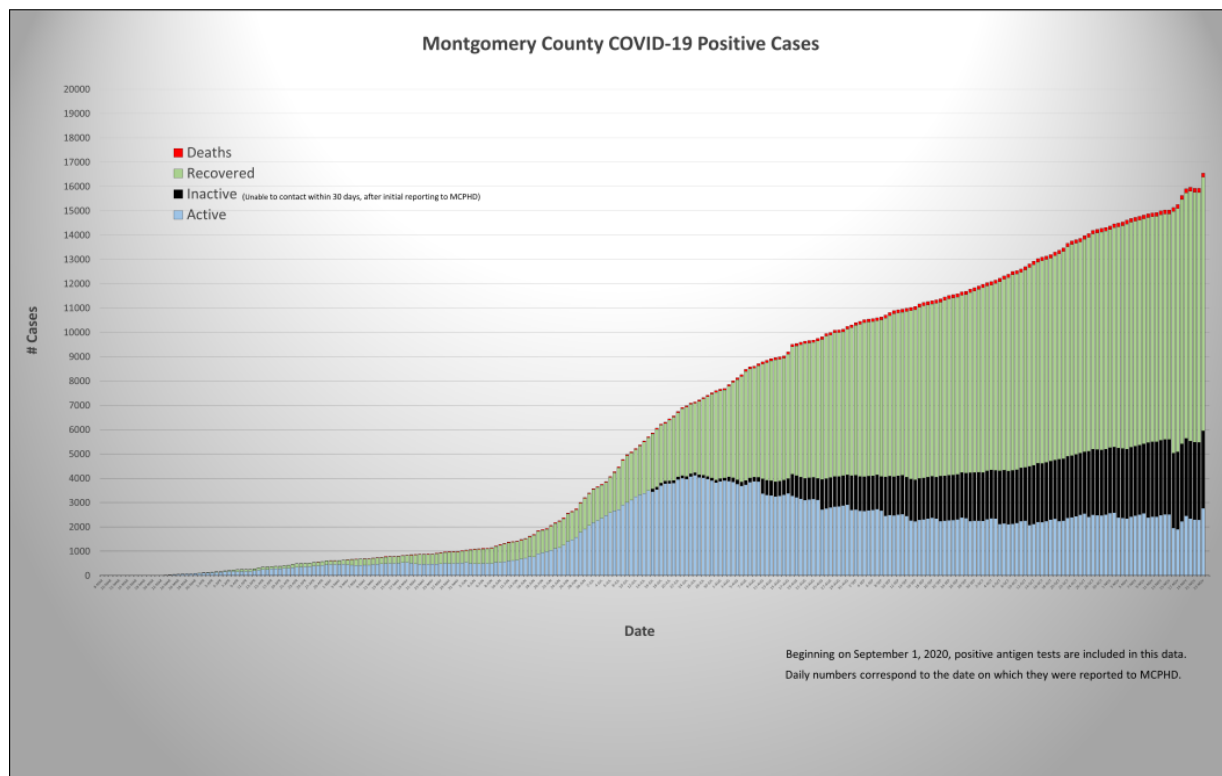

We can confirm the following update regarding COVID-19:

- TOTAL cases of COVID-19 increased by 240 to 16,789 since yesterday's (11/23) report. All 240 new cases were tested in the month of November, and 202 of those were tested since 11/16/2020.
- ACTIVE cases of COVID-19 decreased by 9 to 2,757 since yesterday's (11/23) report. On Tuesdays, we factor in additional "inactive" cases we have been unable to contact for more than 30 days. We accounted for 176 additional "inactive" cases today.
- 24 residents are known, as a result of contact investigations, to be in the hospital. Contact investigations have not been initiated on all reported cases.
- 10,501 people have clinically recovered. PH staff discovered an inconsistency in yesterday's total of recovered cases. This has been corrected to reflect the accurate number of recoveries for both 11/23/2020 and today. **You can see corrected graphics for 11/23/2020 attached and those for today below.**

The Testing Positivity Rate for Montgomery County is 10%. This number is updated weekly on Wednesdays. You can find more information here: <https://sph.uth.edu/dept/bads/covid19-dashboard>.

*These numbers include PCR and rapid antigen testing. We do not include antibody testing. Have questions? Please go to <https://mcpd-tx.org/> and scroll down to the FAQs.
