MONTGOMERY COUNTY – Montgomery County Public Health District, in conjunction with the Montgomery County Office of Homeland Security and Emergency Management, is seeing daily increases in COVID-19 cases and hospitalizations. It is important to remain diligent regarding CDC guidelines for slowing the spread of COVID-19.

We can confirm the following update regarding COVID-19:

- TOTAL cases of COVID-19 increased by 933 to 17,915 since Wednesday’s (11/25) report. All 933 new cases were tested in the month of November, and 688 of those were tested on or after 11/20/2020.
- ACTIVE cases of COVID-19 increased by 506 to 3,365 since Wednesday’s (11/25) report.
- 26 residents are known, as a result of contact investigations, to be in the hospital. Contact investigations have not been initiated on all reported cases.
- 11,019 people have clinically recovered.

The Testing Positivity Rate for Montgomery County is 12%. This number is updated weekly on Wednesdays. You can find more information here: https://sph.uth.edu/dept/bads/covid19-dashboard.

*These numbers include PCR and rapid antigen testing. We do not include antibody testing. Have questions? Please go to https://mcphd-tx.org/ and scroll down to the FAQs.
You can find more information on the SETRAC website, setrac.org.

Do you have questions regarding COVID-19 or COVID-19 testing? The Montgomery County COVID-19 Call Center’s number is 936-523-3916. It is open Monday-Friday from 8:00am – 4:30pm.

Follow CDC guidelines to slow the spread of COVID-19 in our community.

- If your children have started in-person school, teach them proper hygiene and the correct way to wear a mask. Encourage them to never share masks with others.
- Avoid groups of people.
- Practice social distancing.
- Wear a mask in public or with others outside your household.
- Wash your hands or use hand sanitizer frequently.
- Disinfect surfaces in your car and around your home.
